ABN : 75 589 579 981

## Standard Home Loan

Obtaining a loan approval for our clients in the **quickest time** and at **the best possible interest rate** is our main aim.

With the loans on offer, you'll get the **flexibility of variable rate loans** combined with the **stability of a fixed rate** and a fixed repayment (if required) with interest only options. Other options include a **redraw facility and or mortgage offset**.

Standard Variable Home Loans are available to owner occupied customers looking to **purchase their new home** or to **re-finance existing residential loans** where additional funds might be required.

- The loan size is generally from \$50,000 to \$2,000,000 per security property.
- All or part of the loan can be converted to a fixed rate at any time at no cost.
- There are also generally no early repayment fees for variable rate loans.
- We can in most cases put funding in place for all clients regardless of any **past credit history**.

Interest rates and costs vary depending upon a client's **ability to repay, previous credit history and stability of employment**.

Please contact us if you require additional information on our Fixed Rate Loans, **Consolidation Loans, Construction Finance** or a **Line of Credit facility**.

We provide our clients with a free **detailed loan quotation** before proceeding to an application for finance.
